

Can you recognise physical and human features of geography?

Physical features are natural and include: beach, cliff, forest, hill, mountain, sea, river, soil, valley, weather.

Human features show how humans have altered the environment. These features might include buildings, towns, cities, farms, houses and shops.

### Brazil

Brazil is the largest country in South and Latin America. Brazil is the world's 5<sup>th</sup> largest country and measures at 8.5 million square meters. Brazil has over 214 million residents. The Iguazu falls is a popular landmark, measuring at 2.7km wide with an 82metre long drop.

### Frome

Frome has just under 27,000 residents and is the 4<sup>th</sup> largest town in Somerset. The town is built on uneven high ground at the end of the Mendip Hills and centres on the river Frome. The river Frome is approximately 20 miles long.

### Countries to be learnt

Outline	Country	Capital City
	England	London
	Wales	Cardiff
	Scotland	Edinburgh
	Northern Ireland	Belfast

### Compass

There are four main point on a compass. North, South, East and West.

England

Scotland

Wales

Northern  
Ireland
